### MEDIMED Scheme Tariff

MEDIMED pays service providers up to the MEDIMED Scheme Tariff. As some service providers may charge above the MEDIMED Scheme Tariff, please remember to:

- Ask your doctor or dentist to charge at the MEDIMED Scheme Tariff. If your doctor or dentist charges above the MEDIMED Scheme Tariff, verify how much above the tariff they charge so you know what your portion of the cost will be.
- If you are referred to a specialist, check before whether the service provider charges in accordance with the MEDIMED Scheme Tariff

Please contact our Customer Care team if you require any information regarding the MEDIMED Scheme Tariff.

### Prescribed Minimum Benefits (PMB's)

MEDIMED provides cover for PMB conditions with no limits or co-payments if the service is obtained from a Designated Service Provider (DSP) and is in terms of the Scheme's Managed Care Protocols.

Beneficiaries who are registered for chronic medication for one of the Chronic Disease List (CDL) conditions which are part of the PMB's can register the treatment and care of the condition to ensure no limits or co-payments. This is paid from your Elective Benefit.

Registration forms can be obtained from momTYB, by phoning 0861 777 660 or sending an e-mail to info@medimed.co.za

**PLEASE NOTE:** If a non-DSP is used voluntarily, the normal Scheme benefits will apply. Please contact our Customer Care team if you require any information regarding PMB's.

### Make your Medical Savings Account last longer

1. Avoid unnecessary visits to the doctor and unnecessary purchases of medication.
2. Avoid going to the specialist directly as more common conditions can be identified and treated by your GP.
3. Always request a generic alternative to the medication that you require.
4. Negotiate discounts with your pharmacist or doctor if you are able to pay cash.
5. Register medication that you take regularly (chronic medication) as chronic medication. It will not be paid from the Medical Savings Account if the medication has been approved as chronic, ensuring that your benefits last longer.
6. Keep the costs of diagnostic tests (blood tests and x-rays) low. Your GP should keep a comprehensive file of your visits and test results. Avoid changing doctors unnecessary as different doctors might request the same blood tests for the same symptoms.
